D.E. Dixon Construction
Mr. Don Dixon
New Bern, NC

Dear Don,

We can't thank you, your crew and staff enough for building our beautiful home just the way we envisioned it. Never having built a home before, we had concerns about the process, but with you as our contractor we are so pleased with the whole experience from beginning to end. Your advice, the logistics, the workmanship and your customer service was just top notch throughout the whole project. Please know that our family appreciates the efforts of you and your crew and we will treasure and enjoy our home for many years to come. You and your talents are truly admired!

We look forward to proudly telling anyone that asks, "who built this great house"? As we are grateful for that lucky day in April, 2005 that we coincidentally met Mr. Roy Rodgers (for whom you were also building a house) and he so highly recommended your services to us.

All our best wishes

Nick & Valerie
